Dear Daryl

I am pleased to advise that the Public School Review of Broome Primary School has been completed. I endorse the report and am satisfied it will provide a basis for sustained school improvement.

The timeframe for the next Public School Review of your school has been determined through your self-assessment submission and validated by the review team as 3 years. The review is scheduled for 2026. You will be formally notified in the 2 terms leading up to your school's scheduled review.

I acknowledge the efforts of you and your staff in creating the conditions for successful students. The areas your school and the review team validated for commendation and those for which there are recommendations for ongoing improvement are noted.

It is clear from the report that the school has emerged from a difficult period due to the devastating fire in January 2020 and impacts of the global pandemic, and placed a focus on improving the lives of young people in your community. Your team's work in connecting students and their families with key services and agencies to assist them in their daily lives is a worthy undertaking. This is ensuring that Broome Primary School children have as many of the preconditions for successful learning experiences as you can provide them.

I wish you all the best in your continued journey to implement consistent classroom practice, supported by instructional coaching, throughout your teaching team.

As stated in the initial correspondence, please make the report available to your staff and school community and upload it to your school website and/or Schools Online for a minimum period of 12 months.

I know you, your staff and school community will take the opportunity to use this report to continually improve outcomes for your students.

Yours sincerely

Melesha Sands
